### Scott Zehner, CPA, Now a Certified Fraud Examiner

Scott Zehner, CPA/MBA, CFE

**Modesto, California, June 17, 2014** Grimbleby Coleman CPAs, Inc., an accounting and business advisory firm headquartered in Modesto, California, is proud to announce that Scott Zehner has earned the designation of Certified Fraud Examiner (CFE) from the Association for Certified Fraud Examiners (ACFE), making him one of only a handful of CFEs in the Central Valley.

The CFE is widely recognized as the standard of excellence in the anti-fraud profession. It is only granted upon passing a rigorous four part exam, demonstrating experience in the field of auditing and fraud investigation, and being a member in good standing with the ACFE. Scott has extensive experience with Litigation Support and other forensic-type engagements. Most recently, he was retained as an Expert Witness in a case involving lost wages and labor code violations and was also asked to assist in matters concerning the tracing of suspicious cash disbursements and cost allocation analyses.

Scott joined Grimbleby Coleman in 2013 after building a strong background in corporate and internal audit with specialization in manufacturing, distribution, and government accounting. He earned his Master of Business Administration from Cornell University and his Masters in Taxation from Golden Gate University, and has worked for such companies as Arthur Andersen and PriceWaterhouseCoopers.

Grimbleby Coleman has been serving the Central San Joaquin Valley since 1973 and is known for its focus on not just the numbers, but on the people who give them meaning. Hiring, training, and supporting the right people is a central element to the firm's vision and has been instrumental in driving their long term success.
