Introduction

The purpose of this document is to inform on how to extract data from QuickBooks to complete the Grimbleby Coleman CPAs 1099 spreadsheet in order to electronically file the annual 1099 Forms. For more information on what 1099 Forms are and who requires a 1099 Form read the document on “General Information on Filing 1099 Forms.”

Setting up Contractors/Vendors in QuickBooks Desktop

QuickBooks Desktop for Windows

To start tracking contractors for 1099 payments, enable the feature:

Step 1: Turn on the 1099-MISC feature

Select the Edit menu and then Preferences.

Select the Tax: 1099 menu. Then select the Company Preferences tab.

Select Yes in the Do you file 1099-MISC forms? section.

When you're done, select OK to save your settings.

Step 2: Add a contractor as a vendor

Select the Vendors menu and then Vendor Center.

Select the New Vendor dropdown and then New Vendor.

Fill out the fields on each tab. You can get this info from a W-9.

When you're done, select OK.

Step 3: Track contractor payments for 1099s

Once the feature to start tracking payments for 1099, follow the steps to set up each vendor.

Select the Vendors menu and then Vendor Center.

Select a vendor's name and then select Edit .

Select the Address Info tab and review the info:

Make sure you have the correct two-letter state abbreviation and ZIP code.

If the vendor is a person, the vendor's legal name should appear in the First Name, M.I., and Last Name fields.

If you have the company name but not the person's name, leave the Company Name field blank.

This prevents them from showing up twice when you prepare your 1099-MISCs.

Select the Tax Settings tab.

Select and check the Vendor eligible for 1099.

Enter the vendor's tax identification number in the Vendor Tax ID field.

When you're done, select OK.

QuickBooks will start tracking all of their payments behind the scenes. When you're ready to file your 1099s, you can easily add the tracked payments to the form.

QuickBooks Online

Step 1: Add a contractor as a vendor

If you haven't already, enter the contractor as a vendor in QuickBooks:

Go to Payroll and select Contractors (Take me there).

Select Add a contractor

Enter your contractor's info, or select the Email this contractor checkbox so they can fill it out.

When you're done, select Add contractor.

Step 2: Track contractor payments for 1099s

Now that you entered the contractor as a vendor, you need to start tracking their payments.

Go to Get paid & pay or Sales, then Vendors (Take me there).

Select the vendor you want to track and open their profile.

Select Edit.

Select and check the Track payments for 1099 checkbox.

QuickBooks will start tracking all of their payments behind the scenes. When you're ready to file your 1099s, you can easily add the tracked payments to the form.

Click on the video below for a tutorial on how to set up a contractor in QuickBooks Online.

Pulling a Vendor List for 1099s

The first step in preparing to file 1099 forms is reviewing the vendor list for filing requirements. Use the “1099 General Information” document to determine which vendors require a 1099 issued.

It is recommended to start with generating the “1099 Detail” report. The report can be accessed by selecting “Vendors” at the top, 1099 Forms, then 1099 Detail. Customize the report to show the dates for the filing year, select all vendors and all allowed accounts to ensure you have not missed a potential required vendor. This report shows a list of all vendors, payments and amounts made to vendors, and account where each transaction is coded.

Reviewing the Vendor List for 1099s

Below is a 1099 Detail report of a sample client. Review the payments and types of accounts to determine which payments qualify for a 1099. You can start eliminating vendors that do not full under the requirements for filing.

Use the “1099 General Information” document to determine which vendors require a 1099 issued.

Sample Client								
1099 Detail								
January through December 2022								
	Type	Date	Num	Memo	Account	Paid Amount	Balance

Total Jane Smith						9,379.78	9,379.78	
						Reimbursements not required for 1099		

Reviewing the General Ledger

QuickBooks lets you save transactions without a vendor name. Because of this, you might have scenarios payments to vendors may be recorded without a vendor name and not be captured in the 1099 detail report. It is important for this reason to review the general ledger accounts for any transactions that are missing a vendor name.

Accounts that usually hold possible recipients are:

- Rent expense (make sure to count the monthly rent payments for accuracy)
- Equipment rental
- Janitorial services
- Repairs and maintenance
- Landscaping
- Outside services
- Professional, accounting, and legal fees
- Sales commission
- Contract labor, machine hire, custom hire, etc.
- Miscellaneous and Other expenses.

Example:

In this example we are reviewing the “rent expense” account detail for payments for rent that do not have a vendor associated. You will need to make sure that you have the required information for the vendor to file the 1099 form.

Transaction Detail By Account								
January through December 2022								
Type	Date	Num	Adj	Name	Memo	Debit	Credit	Balance
9005 - Occupancy Expenses								
9530-00 - Rent -								
Bill	01/18/2022	2022...			Rent	2,027.40		2,027.40
Bill	02/04/2022	Feb2...			Balance due...	50.15		2,077.55
Bill	02/18/2022	2022...			Rent	2,077.55		4,155.10
Bill	03/18/2022	2022...			Rent	2,077.55		6,232.65
Credit	04/06/2022	2021...			2021 actual ...		198.23	6,034.42
Bill	04/18/2022	2022...			Rent	2,077.55		8,111.97
Bill	05/18/2022	2022...			Rent	2,077.55		10,189.52
Bill	06/18/2022	2022...			Rent	2,077.55		12,267.07
Bill	07/18/2022	2022...			Rent	2,077.55		14,344.62
Bill	08/18/2022	2022...			Rent	2,077.55		16,422.17
Bill	09/18/2022	2022...			Rent	2,077.55		18,499.72
Bill	10/18/2022	2022...			Rent	2,077.55		20,577.27
Bill	11/18/2022	2022...			Rent	2,077.55		22,654.82
Total 9530-00 - Rent - Fourth Floor						22,853.05	198.23	22,654.82
Total 9005 - Occupancy Expenses						22,853.05	198.23	22,654.82

Vendor List Report Information

If you entered all the 1099 required information in QuickBooks for all vendors, you will be able to generate a report with a listing of all vendors with the required 1099 filing information: Legal name, Tax ID, and address.

Such report can be found by selecting “Vendors” at the top, 1099 Forms, and Review 1099 Vendors.

If you are missing any information, you will need to obtain a W-9 form from the vendor. You can request one directly from the vendor by downloading the form from the IRS page (link under 1099 resources).

You can also search for corporations and LLCs online to determine what type of entity the business is using the following link. <https://bizfileonline.sos.ca.gov/>

Use the information on the “Review 1099 Vendors” report, “1099 Detail” report, and general ledger to complete the GC 1099 Spreadsheet (provided under 1099 resources).
